PROFESSIONAL SUMMARY

Results-driven Senior Full-Stack Developer with 4+ years of experience and 30+ delivered projects — designing, building, and deploying scalable, secure, and high-performance web applications for clients across Pakistan and internationally. Expert in Laravel, RESTful APIs, and MySQL, with proven experience in eCommerce platforms, HRM & biometric systems, SaaS products, educational systems, and business automation. Skilled in cloud deployment (AWS, Google Cloud), CI/CD pipelines, and collaborating with cross-functional teams to deliver clean, maintainable code on time.

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer · Eden Prime Sep 2025 – Present

Lahore, Pakistan · On-site

- Develop and maintain scalable full-stack web applications using Laravel for eCommerce and business-focused clients.
- Architected a complete HRM & Biometric Attendance platform (Laravel 12) with multi-device ZKTeco integration, shift/overtime rules, leave management, and role-based dashboards.
- Design and implement RESTful APIs ensuring seamless, secure integration between frontend and backend systems.
- Optimize application performance, database architecture, and server-side logic for high-traffic environments.
- Collaborate with designers and product teams to deliver high-quality digital products on schedule.

Skills: Laravel, MySQL, REST APIs, AWS, Cloud Deployment

Senior Laravel Full-Stack Developer · Digitt Solutions Jan 2025 – Sep 2025 · 9 mos

Lahore, Pakistan · On-site

- Led development of scalable web applications using Laravel, RESTful APIs, and MySQL.
- Designed and optimized backend logic, APIs, and database structures for high performance and security.
- Collaborated with cross-functional teams to deliver responsive and user-friendly UIs.
- Contributed to WordPress and Shopify projects including bug fixing, feature additions, performance improvements, and small customizations.
- Ensured clean code, best practices, and efficient deployments on cloud and hosting environments.

Skills: PHP, Laravel, MySQL, WordPress, Shopify, CI/CD

Laravel Full-Stack Developer · Infobay (SMC PVT.) Ltd Oct 2023 – Dec 2024 · 1 yr 3 mos

Lahore, Pakistan · On-site

- Led development of responsive web applications using Laravel.
- Integrated third-party APIs, developed RESTful endpoints, and maintained backend logic.
- Managed version control and CI/CD deployments via Git and GitLab.
- Optimized app performance and scalability; implemented security best practices.
- Collaborated with UI/UX designers for seamless front-end integration.

Skills: Laravel, MySQL, REST APIs, Git, GitLab

Laravel Developer · Avicenna Enterprise Solutions Dec 2022 – Sep 2023 · 10 mos

Lahore, Pakistan

- Developed server-side logic and database structures with MySQL and Firebase.
- Maintained responsive UI using HTML/CSS/JavaScript.
- Built RESTful APIs; managed website hosting via cPanel and various server environments.

Skills: Laravel, MySQL, Firebase, cPanel

Junior Developer · CyberifyDesign.co Feb 2022 – Nov 2022 · 10 mos

Multan, Pakistan

- Assisted senior developers with bug fixing and feature rollouts.
- Performed server-side scripting and Git version control.
- Participated in Agile sprints and UI testing.

Skills: PHP, Laravel, Git, Agile

KEY PROJECTS

HRM & Biometric Attendance System · [hrms.edenprime.net](#)

Enterprise HR Platform

- Comprehensive HRM automating employee management, biometric attendance via multiple ZKTeco devices across floors, late/overtime/short-hour rules, leave workflows, attendance exceptions, role-based access (Super Admin/HR/Manager/Employee), and Excel/PDF reporting.

Tech: Laravel 12, MySQL, ZKTeco SDK, Spatie Permission, Laravel Excel, DomPDF

Monk Cables · [monkcables.com](#)

Full-Stack eCommerce Platform

- Built and maintained the full eCommerce platform for a leading US-based network cables brand (ISO-certified, RoHS-approved). Developed product catalog, cart, user authentication, order management, and cloud hosting deployment using a Laravel backend with a fully responsive frontend.

Tech: Laravel, MySQL, REST APIs, Cloud Hosting

Yasrab Testing System · [yasrabtest.com](#)

Online Education & Entry Test Prep

- Developed Pakistan's #1 entry test preparation system supporting MDCAT, ECAT, NUMS, AGA KHAN, FAST, GIKI, PPSC/FPSC, and Matric/Inter coaching. Built course management, category browsing, student enrollment, and performance tracking modules.

Tech: Laravel, MySQL, REST APIs, Bootstrap

Multi-Site Blog Management Dashboard

Custom CMS · 40+ Live Websites

- Single Laravel admin panel managing content and full on-page SEO (meta tags, Open Graph, JSON-LD schema) across 40+ independently hosted websites, with strictly additive migrations on a live production database and an API-key-protected REST layer for cross-host content delivery.

Tech: Laravel, MySQL, Bootstrap 5, TinyMCE, REST API, JSON-LD Schema

Sidewalk Repair NYC · [sidewalkrepairnyc.com](#)

Business Lead-Generation Website

- Custom Laravel website for an NYC sidewalk & concrete contractor — SEO-optimized service pages, schema markup, local SEO targeting, secure validated contact forms, and fast responsive performance for lead generation.

Tech: Laravel, PHP, Blade, MySQL, Bootstrap, SEO Optimisation

Airport Express Taxi · [airportexpresstaxi.co.uk](#)

Airport Transfer Booking Platform

- Modern booking platform for a UK-based taxi service with instant fare estimates, multi-vehicle selection, one-way/return journey management, and reusable components for fleet, services, and FAQs.

Tech: Laravel, PHP, Blade, MySQL, Bootstrap, REST API
